

YEARLY STATUS REPORT - 2021-2022

Part A

Data of the Institution

1.Name of the Institution

MALABAR DENTAL COLLEGE & RESEARCH CENTRE

- Name of the Head of the institution **DR MEENU MERRY C PAUL**
- Designation **PRINCIPAL**
- Does the institution function from its own campus? **Yes**

- Phone No. of the Principal **0703455551**
- Alternate phone No. **0703455563**
- Mobile No. (Principal) **0703455551**
- Registered e-mail ID (Principal) **principal@macity.edu.in**
- Alternate Email ID **info@macity.edu.in**
- Address **MANOOR**
- City/Town **MALAPPURAM**
- State/UT **KERALA**
- Pin Code **679578**

2.Institutional status

- Affiliated / Constitution Colleges **AFFILIATED**
- Type of Institution **Co-education**
- Location **Rural**

- Financial Status **Private**
- Name of the Affiliating University **KERALA UNIVERSITY OF HEALTH SCIENCE**
- Name of the IQAC Co-ordinator/Director **DR JUBIN THOMAS**
- Phone No. **09447500069**
- Alternate phone No.(IQAC) **07034555521**
- Mobile No: **09447500069**
- IQAC e-mail ID **iqac@macity.edu.in**
- Alternate e-mail address (IQAC) **info@macity.edu.in**

3.Website address (Web link of the AQAR (Previous Academic Year)) https://www.mdcrc.edu.in/NAAC_Files/AQAR_2020_PDF.pdf

4.Was the Academic Calendar prepared for that year? **Yes**

- if yes, whether it is uploaded in the Institutional website Web link: https://www.mdcrc.edu.in/NAAC_Files/academic_cal_2021_22.pdf

5.Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 1	B	2.17	2021	29/11/2021	29/11/2026

6.Date of Establishment of IQAC **16/11/2019**

7.Provide the list of funds by Central/ State Government-UGC/ICSSR/ IUCTE/CSIR/DST/DBT/CPE of UGC/PMMMNMTT etc.

Institution/ Department/Faculty	Scheme	Funding agency	Year of award with duration	Amount
Nil	Nil	Nil	21/03/2021	Nil

8.Whether composition of IQAC as per latest NAAC guidelines **Yes**

- Upload latest notification of formation of IQAC [View File](#)

9.No. of IQAC meetings held during the year **4**

- Were the minutes of IQAC meeting(s) and compliance to the decisions have been uploaded on the institutional website? **Yes**

- (Please upload, minutes of meetings and action taken report) [View File](#)

10.Whether IQAC received funding from any of the funding agency to support its activities during the year? **Nil**

- If yes, mention the amount **0**

11.Significant contributions made by IQAC during the current year (maximum five bullets)

Updent Academy,mdcnews,online circular system and regular mental wellness session for students were conducted

MDC Ethical committee is now under the process of Department of Health Research Provisional approval

Research committee initiated with research proposal presentation by faculties & students for internal granting.

An MoU initiated with Mahe Institute of Dental Science & Hospital-Mahe

Arts and Sports club under MDSU Student Welfare Committee for participation in KUHS Zonal Arts & Sports were conducted

12.Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year (web link may be provided).

Plan of Action	Achievements/Outcomes
UG research activities	UG students participated in State Conference and many awarded with best paper. students are actively involved in research and publications. Internal granting was provided by the institution and accolades were given to the winners.
National level orientation program for first year BDS	MDCRC initiated with the idea of orientation of first years in the National level which was 3 days online programme with renowned speakers, where more than 500 students were participated
Enhancement of faculty research activities	Internal grant of 5 lakhs was given for faculty research activities.
Green campus auditing	considering the Eco friendly nature of campus and to improve in this field,MDCRC was successfully able to complete green campus auditing
Training faculties on quality assurance	To create awareness regarding higher education quality assurance ,several online and offline workshops were conducted among faculties.

13. Whether the AQAR was placed before statutory body?

Yes

- Name of the statutory body

14.Does the Institution have Management	Yes

Information System?	
<ul style="list-style-type: none"> • If yes, give a brief description and a list of modules currently operational 	
<p>MDCRC has a comprehensive Management information system covering all aspects of academic and non- academic activities of the campus. Linways take care of all the Management information system requirements of the following processes: * Student enrolment/ Time tabling / Allocation of faculty members to handle various courses * Attendance * Internal assessment * Processing of end semester examinations and result analysis * Faculty data * Budget/Allocation/Purchase orders/ Income- expenditure details * Alumni operations * Placement processes * Fully automated library * Payment of all fees * Hostel allotment</p>	
<p>15.Multidisciplinary / interdisciplinary</p>	
<p>Established in the year 2007, Malabar Dental College and Research Centre (MDCRC) has the vision to give our students education and experiences which helps them to succeed in their career and passion. Discipline is the bridge between goals and accomplishments. Hence nurturing these values can be fostered with the assistance of this institution. At Malabar Dental College and Research Centre we take this task in transforming ourselves into a holistic and multidisciplinary institution. We nurture to the value of citizenship, gratuitousness and chastity which helps these young adults and prepares them for their bright life ahead. BDS syllabus following the DCI regulations and Kerala University Health Sciences guidelines make sure that all programs are having a multidisciplinary approach by default. The importance of enhancing the future generations consciousness through multiple academic disciplines is given utmost care. Along with educational approaches, combination of variety interdisciplinary approaches are encouraged in our institution as directed by the ACADEMIC MONITORING COMMITTEE of the college. The institution has encouraged the various departments to undergo multidisciplinary research activities like - 1) Research on assessment of oral health status of coastal community of Alappuzha. Departments involved - Public health dentistry + Periodontics. 2) Field visit programs (Dentcare lab visit) to sensitize the students regarding fabrication of dentures and prosthesis. Departments involved - Prosthodontics + Conservative dentistry + Public health dentistry. 3) Field visit to pharmacy company to create awareness regarding drugs and its preparation. Departments involved - Pharmacology + Public health dentistry. The</p>	

Institution offers wide interdisciplinary approach that relies on health professionals from different disciplines, along with patient, working collaboratively as a team. We have highly experienced and professionally excellent facilities in and around the campus. The department of Physiology and biochemistry aims to cover the most recent and outstanding developments in areas of basic sciences.

16. Academic bank of credits (ABC):

"Academic Bank of Credits" (ABC) is an educational digital platform created to facilitate students' seamless mobility between or within degree - granting Higher Education Institutions (HEIs) through a formal system of credit recognition, credit accumulation, credit transfers and credit redemption in order to promote distributed and flexible teaching and learning. The ABC platform will provide students (having a Digilocker account) with the opportunity to register for a unique ABC ID, an interactive dashboard to see their credit accumulation and options to begin a choice - based credit transfer mechanism. We at MDCRC, is in a process to implement educational digital platform.

17. Skill development:

As much as learning is an on going process, skill development follows the same trend. Nowadays, competition has been the hallmark in every corporate endeavour and to say the least, each product seeks for competitive edge. Students must not stay behind in this race for leadership and excellence because their future employability depends largely on how they are perfect in skills. In a constant; y changing environment, life skills play an important role to meet the challenges of everyday life. The changes happening in education system demands students to be confident in skills other than academics. To cope with this we are making them to attend classes on computer skills and to expertise them in surgical aspect of dentistry we organized programmes " Re- skill 2021 awaken the surgeon in you" its a simply disgusting fact that our students get good marks still struggle for employment. The recruiters evaluate their academic success (hard skills) as well as employability skills (soft skills). The employability skills consist of: time management, ability to self-manage, working as a part of team, adaptability to different roles, the potential to lead by influence and ability to understand the business environment. All these essential skills are being improved and promoted by making them attend different classes taken by eminent personalities. Students are able to manage various dental

problems encountered in general dental practice keeping in mind the expectations and the right of the society to receive the best possible treatment available wherever possible. 1. Acquire the skill to prevent and manage complications if encountered while carrying out various surgical and other procedures. 2. Possess skill to carry out certain investigative procedures and ability to interpret laboratory findings. 3. Promote oral health and help prevent oral diseases where possible. 4. Competent in the control of pain and anxiety among the patients during dental treatment.

18. Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The remaking of the National Education of India strives to bring back the rich heritage and culture of India so as to inspire the youth by making them proud of our country and set a befitting example for the rest of the world to adapt to the ever-changing society and staying connected to its roots and values at the same time. The concept of 'Indianisation' has been introduced to the new education policy to incorporate the rich heritage of Ancient Indian Knowledge with education. To ensure this concept, Malabar dental college has started Multidisciplinary streams, with holistic education being one of the primary goals. We have an active arts club under which we celebrate different festivals, national day observations and also promotes various cultural diversities. We have given a space for classical literature in the main campus library, promotes yoga practice amongst students and staffs, and also promotes Indian films by conducting film fests. We have always appreciated India's diverse music and arts during the arts fest as Cultural awareness and expression are among the major competencies considered important to develop in students in order to provide them with a sense of identity, belonging, and to appreciate other cultures and identities. Language, of course, is inextricably linked to art and culture. Art, in the form of literature, plays, music, films cannot be fully appreciated without language. In order to preserve and promote culture, one must preserve and promote culture's languages. During the COVID-19 pandemic period, Malabar Dental College took initiative for an online platform for students so that the academics is not compromised when our country was under lockdown. Online platform also offered a space for the talks on National day observations. No particular language will be imposed on the students and wherever necessary 'Foundational and preparatory education in mother tongue' is advocated for a better understanding of conversing with patients and clarity of thoughts.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Malabar Dental College Educational framework is based on desired outcomes and defined goals to be achieved by the students. It is expected to show evident distinguishable improvement and attainment of Knowledge and skill. The components of OBE which have been defined by our college include: ? Vision Mission of the institution ? Program educational objectives(PEOs) ? Program Outcomes (POs) ? Program - specific outcomes(PSOs) ? Course outcomes(COs) ? Course - specific learning outcomes (CSOs)/Competencies Program educational objectives describe the professional accomplishments of the graduates to be attained within a few years of thier graduation.program outcomes are staements about the knowledge,skills and attitudes (attributes) that a graduate should attain at the end of a program(Eg: BDS,MDS,DM,DORA) Course outcomes are statements describing the meaningful,observable and measurable knowledge ,skills,attitudes and attributes the student will learn by the end of course/subject (Eg: Anatomy,Physiology,Biochemistry etc.) At the end of the undergraduate training program the graduate shall be competent in the following ? General skills ? Practice management ? Patient care- diagnosis,treatment planning and treatment.To achieve these objectives the student is assessed through the following processes. ? Objective structured clinical evalauation ? Record books or clinical book evaluation ? Practical examination ? Viva vocee ? Group discussion ? Conferences ? Workshops ? End-posting vivas ? Written examinations

20.Distance education/online education:

A growing number of colleges and universities have been implementing a transition from traditional face- to- face teaching methods to online teaching or a compination of online and traditional teaching. Kerala University of Health Sciences is promoting Online Education in a big way,in the context of COVID 19 pandemic and natural calamities. we at MDCRC has implemented the blended method of teaching which involves face -to-face interaction with online instruction,All institutions,including MDCRC,have switched to distant online learning along with the conventional teaching methadology in the simplest and most convenient ways possible,including conferencing platforms,ICT tools,MOODLE and phone. Our university ensures training for all faculties and MDCRC conducted programs for training for faculties & students.

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum planning, delivery and evaluation through a well defined process as prescribed by the respective regulatory councils and the affiliating University.

Malabar Dental College & Research Centre is affiliated to Kerala University of Health Sciences and it takes every measure to fulfill and provide the educational, cultural and sports requirement as per the university. The college offers 2 programs namely:

1. Bachelor of dental surgery
2. Master of dental surgery

The programs consists of three main components. The first component consists subject's common to modern medicine and dentistry like anatomy, physiology, microbiology and then on to general medicine and general surgery. The second component runs concurrently with the first. Finally, the third component based on the foundations of the first two, deals with the clinical and technical aspects of dentistry.

For smooth execution of curriculum planned the college has enrolled subjects qualified teaching and non-teaching staffs, there are sufficient Lecture rooms having LCD projectors with audio systems. Fully equipped laboratories, state of art seminar rooms, auditorium are also provided.

For evaluating the teaching process periodic internal assessments, viva-voce, seminars, annual external examinations are conducted. The student's efficiency is assessed as per these evaluation process and actions are taken accordingly to ensure competency and skill development in students.

2.2.3 - Institution facilitates building and sustenance of innate talent /apptitude of individual students (extramural activities/beyond the classroom activities such as student clubs, cultural societies, etc)

COLLEGE CLUBS

Arts club:

We aim to inspire and enable our students to learn and develop their talent and skills, which will help them express themselves artistically.

Sports club:

Through this club, the importance of team spirit, discipline and leadership qualities are fostered among students. The club is formed, developed, governed and administered by student and faculty representatives to encourage physical activity and sports.

Nature club and Scientific club

As a member of the club, you are given the chance to study and admire the environment, and therefore understand the importance of conserving nature's bounty. The scientific club encourage the students to scientific activities like working Model competition, Poster Making competition, power Point Presentations etc.

Health awareness club

By providing awareness classes, mock drills, and seminars, the Club promotes health awareness.

Photographic club

The society serves as a forum for hobbyists and aspiring professionals to exchange ideas and insights regarding the vast field of photography.

Social welfare club

As a club, the purpose is to support those who are deprived of the basic necessities we take for granted. It helps to build responsiveness among students about the social responsibilities.

2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods are used for enhancing learning experiences by: Experiential learning Integrated/inter disciplinary learning Participatory learning Problem solving methodologies Self-directed learning Patient-Centric and Evidence-Based Learning Learning in the Humanities Project-based learning Role play

- **Experiential learning:** Value-based education takes a comprehensive approach to enhancing students' intellectual capacity.
- **Integrated/interdisciplinary learning:** The pupils are drawn directly into the core of the subject with this much more direct manner of education.
- **Participatory learning:** It encourages critical and creative thinking and enhances clinical skills.
- **Problem solving methodologies:** The pupils are drawn directly into the core of the subject with this much more direct manner of education.
- **Self-directed learning:** We give students a variety of reference course book selections so they can select one that

will help them grasp the material better.

- **Patient-centric and Evidence-Based Learning:** Students get the chance to discover the importance and satisfaction of helping others. They are instructed to show compassion and consideration for their patients.
- **Learning in the Humanities:** Students are learning to value the diversity that exists in our communities and colleges.
- **Project-based learning:** As their final projects, all students must create three-dimensional models and posters.
- **Collaborative learning:** Interdisciplinary meetings and presentations are conducted once in every month. The students are given pedagogy exercises where the topics are given prior and the students are asked to take a class for their batch mates.

2.3.3 - Teachers use ICT-enabled tools for effective teaching and learning process including online e-resources

2.3.3 - Teachers use ICT-enabled tools for effective teaching and learning process including online e-Resources

Along with traditional classroom instruction, the college uses ICT-enabled teaching methods. The following tools are used,

1. Projectors- 5 projectors are available in different classrooms.

2. Desktop and Laptops- Arranged at Computer Lab and Faculty cabins all over the college.

3. Printers- Installed at Labs and all prominent places.

4. Photocopier machines - Multifunction printers are available at all prominent places in the

college. There are four photostat machines available on campus.

5. Scanners- Multifunction printers are available at all prominent places.

6. Seminar Rooms- Department seminar halls are equipped with all digital facilities.

7. Smart Board- Two smart boards are installed on the campus.

8. Auditorium- It is digitally equipped with a mike, projector, cameras and computer system.

9. Online Classes through Zoom, Google classroom, Moodle)

10. MOODLE platform**11. Digital Library resources****Use of ICT By Faculty-**

The usage of LCDs and projectors in the classroom by faculty members is encouraged. Also, we have websites for creating powerful presentations, a digital library, and internet search engines etc. Various technical and management events such as Poster making, Project presentations, Debates, paper presentations etc. are being organized with the help of various Information Communication Tools.

2.3.5 - The teaching learning process of the institution nurtures creativity, analytical skills and

innovation among students

CREATIVITY

It is accepted and clear that regular exposure to current advancements fosters creativity. Various programs are conducted in association with clinical clubs which helps the students to broadcast their creativity and talents. Dental exhibitions are held where the students are given a platform to bring their creative ideas to the limelight. Students are urged to come up with innovative suggestions that enhance the division by creating posters and models.

ANALYTICAL SKILLS

Preclinical training helps students gain abilities that they can use in clinical settings. The phantom head exercises help the students to develop skills, before the students are allotted the patients to work on. The students receive instruction in how to manage special needs children in a way that is efficient and successful for each circumstance. Preclinical dental education promotes development of competency and expertise, before students work on patients.

INNOVATION

The students are required to give seminars on a variety of subjects, which gives them in-depth exposure to a subject and aids in the development of their presentation skills. The students are made to organise camps which helps them to improve their self-confidence and self-esteem.

2.5 - Evaluation Process and Reforms

2.5.1 - The Institution adheres to the academic calendar for the conduct of Continuous Internal Evaluation and ensures that it is robust and transparent

In consultation with the heads of departments, the principal prepares the academic calendar. The academic calendar is posted on the college website and displayed on notice boards at the beginning of each academic session. The academic calendar includes the dates of commencement and completion of syllabus, schedules of internal exams etc. It specifies the dates of internal examination. Tentative dates of practical and theory examinations are also given in academic calendar. The time tables are prepared and implemented accordingly. In case of any change in the University schedule, some changes are required to be made in internal evaluation as well. These changes are communicated to the students well in advance.

Along with continuous internal evaluation, academic Planning contains information regarding the following activities. Based on the university's guidelines, the academic calendar indicates teachers' annual working period, which comprises working days, teaching days, the admission period, examination period, and the valuation period. The academic diary includes the complete teaching learning process, teaching plan and execution of activities. During the academic year, there is a designated period for conducting extracurricular and social activities, such as: Celebration of birth and date anniversaries of the national icons. Celebration of various national and international days.

File Description	Documents

Dates of conduct of internal assessment examinations	https://app.conext.in/media/NAAC/MDCRC/2.5.1_C.pdf
Any other relevant information	Nil

2.5.2 - Mechanism to deal with examination-related grievances is transparent, time-bound and efficient. Provide a description on Grievance redressal mechanism with reference to continuous internal evaluation, matters relating to University examination for submission of appeals, providing access to answer scripts, provision of re-totaling and provision for reassessment within 100 - 200 words

An examination committee is established at the college level to address issues relating to the evaluation process. It is led by a senior faculty member. The college follows the guidelines issued by the KUHS, while conducting examinations. Three internal assessment tests are given during each year. The students are informed sooner about the proposed timetable.

Students receive the exam scripts after evaluation to get a sense of how they performed. The evaluation report is shown to the students after it has been prepared, and if there are any complaints, they can be addressed and filed to the department by the responsible faculty member.

A Centralized exam cell system is followed. Any complaints regarding university exam questions, such as those regarding deviations from the syllabus, repetitive questions, improper mark distribution, etc., should be submitted to the principal and forwarded to the university. University decision after resolving the grievances is intimated and conveyed to the students. If student has any grievances related to evaluation of university answer scripts are intimated to the subject handling faculty and HOD if necessary. Students may request a photocopy of their response script in order to retain transparency, and they may also choose to recalculate their answers

2.5.3 - Reforms in the process and procedure in the conduct of evaluation/examination; including the automation of the examination system. Describe the reforms implemented in internal evaluation/ examinations with reference to the following within 100 - 200 words Examination procedures Processes integrating IT Continuous internal assessment system Competency-based assessment Workplace-based assessment Self assessment OSCE/OSPE

The Institute follows University's examination requirements, and changes are made to internal assessment evaluation process to make it more objective.

Internal Examination

- Printed answer sheets are introduced in line with university answer sheets.
- Question paper code as per university pattern.
- Surprise visits by internal squads and supervision by another subject staff is introduced.

University examination

- Online Submission of oral practical examination marks through university software
- Use of university software for conduction of examination
- Online Availability of soft copy of answer sheet

Processes Integrating IT

- High speed printing machine is introduced for printing of question papers.
- Distribution of examination hall tickets through online software
- Re-evaluation and Re-totalling is an online process
- Online appointment of faculty for paper setting
- Surveillance through CCTV during examination

Continuous Internal assessment system

- Students are presented their answer sheets and grades, and questions are addressed through discussions with appropriate teachers for internal assessment.

Work based assessment

- Faculty members evaluate post-graduate students in a variety of settings, including labs, OTs, and OPDs.

Self-Assessment

- The students complete a checklist that is evaluated and debated by relevant departments on regular basis.

OSCE/OSPE

- A student's performance is what determines how competent they are in clinical and procedural matters.

2.6 - Student Performance and Learning Outcomes

2.6.1 - The Institution has stated the learning outcomes (generic and programme-specific) and graduate attributes as per the provisions of the Regulatory bodies and the University; which are communicated to the students and teachers through the website and other documents

PO1 Describe normal and abnormal human structure, development, function and behavior PO2 Apply basic knowledge of biomedical, technical and clinical sciences for the effective practice PO3 Elicit detailed Dental and relevant Medical history, perform an oral and general physical examination and choose relevant laboratory diagnostic tests for identification of oral disorders, prevention of oral disease PO4 Demonstrate the ability to interpret available clinical and laboratory data and effective clinical problem solving, in order to generate differential diagnoses PO5 Perform and interpret a basic oral radiological examination PO6 Plan and administer, safely, appropriate treatments, including surgical procedures in adults as well as children. PO7 Identify and manage common medical emergencies PO8 Identify and refer patients who may require specialist care. PO9 Demonstrate knowledge of global and national needs, policies and regulatory frameworks relevant to oral health. PO10 Function effectively as an oral health care team member PO11 Communicate effectively and sensitively in a manner that will improve healthcare outcomes and patient/ client satisfaction. PO12 Demonstrate the ability to continue refining and acquiring new knowledge/skills. PO13 Select and pursue an appropriate career pathway that is professionally rewarding PO14 Recognize and manage medico-legal, ethical and professional issues PO15 Demonstrate and practice integrity, responsibility, respect

2.6.3 - The teaching learning and assessment processes of the Institution are aligned with the stated learning outcomes. Provide details on how teaching learning and assessment processes are mapped to achieve the generic and program-specific learning outcomes (for each program) within 100 – 200 words

The faculty members of the institution support the learning environment by engaging in rich experiential teaching content through experience, demonstration, Audiovisual aids, industrial visit, presenting papers, analysing case studies, and participating in and leading quizzes on theory issues. The learning process is mainly student centric and evidence based. It is a compulsory learning method in medical and dentistry. The college's curriculum places a strong emphasis on critical thinking, evidence-based care, and clinical competence in order to achieve its purpose of ensuring that students are ready to practise dentistry in the twenty-first century. In addition to serving patients, the department teaches graduate, postgraduate, and dental mechanic students. These learning processes help students to differentiate normal and abnormal oral and dental tissues. A project is compulsory in the final year of both BDS&MDS. There are lecture classes available, which help the instructor interpret, clarify, and rewrite a text's content for students to better comprehend the subject. The five categories of professionalism, scientific knowledge, patient care, the dental profession, systems of health care, and society have been used to categorise the competencies and attributes of the new graduate. In accordance with new trends, the institution uses modern pedagogy to improve the teaching-learning process.

2.6.4 - Presence and periodicity of parent-teachers meetings, remedial measures undertaken and outcome analysis. Describe structured mechanism for parent-teachers meetings, follow-up action taken and outcome analysis within 100 - 200 words

In order to improve communication between parents, teachers, and students, a parent-teacher association has been established. The committee's goal is to ensure parental involvement in the academic and social development of the student.

The group fosters a closer relationship between parents and teachers and gives them a way to learn about their children's academic progress, classroom behavior, and social skills. It gives parents the chance to learn about their children's strengths and areas of worry for their academic and interpersonal development,

and it also gives them the chance to develop a plan of action together to address all of those obstacles.

The group pays particular attention to honoring high-scoring students and the year's top university rank holders. Each parent will receive letters or emails stating their child's attendance and internal assessment scores. Parents are free to offer their opinions and recommendations for the growth of their children, which are put into action after further consultation with higher authorities. The PTA should reward committed teachers for their efforts in order to inspire them. This will encourage improvement on the part of both students and teachers.

3.2 - Innovation Ecosystem

3.2.1 - The Institution has created an ecosystem for innovations including Incubation Centre and other initiatives for creation and transfer of knowledge. Describe the available Incubation Centre and evidence of its functioning (activities) within 100 - 200 words

Malabar dental college and research institute provides a good ratio of well trained and highly educated faculty members equipped with modern technology. It offers a world of opportunities to our students and facilities to pursue research activities in different fields. It provides students with resources and support to learn best practices develop new skills and contribute to progress in their specialization. Interested students are groomed to improve their creative potential. The institution that helps students in formulating their methodology of research. Student research and professional activity at Malabar dental college has become an integral part of supporting scientific and professional activities of students and has become a tradition. Motivates the facilities to pursue high end and cutting-edge research projects to bring the institute into prominence and additionally give extra motivation to our students.

Research relevant infrastructure of the department provides excellent opportunities for post graduate and creates an ecosystem to motivate them to come up with innovations. The institution aims at steadfast delivery of up-to-date knowledge through live demonstration and also providing supreme mentorship to guide the students with the use of sophisticated technology during the hands-on clinical session. Institution also promotes research activities for enhanced learning.

3.4.4 - Institutional social responsibility activities in the neighbourhood community in terms of education, environmental issues like Swachh Bharath, health and hygiene awareness and socio-economic development issues carried out by the students and staff during the year. Describe the impact of extension activities in sensitizing students to social issues and holistic development within 100 - 200 words

Malabar dental college and research centre has been organizing and conducting various activities every year to inculcate among the students the importance of social responsibilities which will help in the holistic personal and professional development of the students. Social awareness is very essential to understand

professionalism in the workspace, as well as making it easier to share information, communicate and collaborate with others. Observance of various international days like world cancer day ,world health day, world AIDS day are regularly followed in the institution which helps students to spread awareness on the importance of maintaining individual health as well as their responsibility to maintain the health in society. Swachatha programs like campus swachtha, swachtha Hi Seva are regularly conducted every year in accordance with Gandhi jayanti. World No Tobacco Day programs, Anti Drug ,Abuse programs, Anti Ragging awareness programs to create awareness among students regarding addiction to adverse habits as well as to enlighten their role in intervening in the society to prevent such anti social activities. World environment day celebration to raise awareness among students to take positive environment action to protect nature. National youth day, Martyrs Day was observed to nurture the importance of national integration and patriotism among students.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc. Describe the adequacy of facilities for teaching-learning viz., classrooms, ICT-enabled classrooms, seminar halls, facilities for clinical learning, learning in the community, Teleconferences, AYUSH-related learning cum therapy centre, well-equipped laboratories, skills labs etc. as stipulated by the appropriate Regulatory bodies within 100 - 200words

MDCRC takes great pride in the fact that it provides admirable infrastructural facilities for the unmatched teaching-learning experience. Lecture halls, demonstration rooms, laboratories, hospital for clinical teaching are fully equipped. In this magnificent campus, teaching-learning in our institution comprises of two components viz. Academic/ theoretical teaching and practical/clinical teaching with a margin of overlap between the two.

The institution possesses the following infrastructures conducive for academic teaching and learning: Lecture halls with all necessary ICT Facilities

An Auditorium with 500 seating capacity

A Seminar Hall with a seating capacity of 30 in each department

Each of lecture halls is equipped with a projector and sound system.

Anatomy Hall

Biochemistry Lab Microbiology Lab

General Pathology Hall Pharmacology Lab

Oral Pathology/Oral Histology Lab and Pre-clinical work area

Pre-clinical Orthodontics, Prosthodontics & Conservative Dentistry Lab with Phantom Head Models Research Lab for basic research.

There are 8 clinical dental departments where the students can learn the clinical aspects of the curriculum.

The college provides LMS (Moodle) to the students where all subject related materials like syllabus, lesson plan, lecture notes, power point presentations, assignments, seminar topics and question bank are uploaded.

4.1.3 - Availability and adequacy of general campus facilities and overall ambience: Describe the availability and adequacy of campus facilities such as hostels, medical facilities, toilets, canteen, post office, bank, roads and signage, greenery, alternate sources of energy, STP, water purification plant, etc. (within 100 - 200 words)

The general campus facilities available are of superior quality and adequate in quantity. It may be highlighted that the facilities are well maintained.

Campus Facilities:

Green Campus: Our campus stands by the theme "Go Green". Our campus is encased with various plants and trees making it livelier and pollution free. Bicycles are provided in large numbers for commutation within the campus.

Hostels: The campus also has a girls' and boys' hostel which

comprises of both single and shared accommodation. The hostel has an indoor gym facility, yoga room, swimming pool, study area etc., The hostel is safe and secured with 24/7 CCTV surveillance. High quality food with a varied menu is served in the hostel for the inmates. Our campus is well equipped with 4 hostel blocks.

Staff Quarters: Accommodation for faculties is provided in the campus. The in-house employees can choose from apartment of different sizes to villas to reside. Both quarters and the hospital have spacious car and two-wheeler parking facilities.

Canteen: The college has a magnificent food court which functions throughout the day. All types of cuisines ranging from traditional South Indian, North Indian, tandoori, continental and international delicacies are available.

4.2 - Clinical, Equipment and Laboratory Learning Resources

4.2.1 - Teaching Hospital, equipment, clinical teaching-learning and laboratory facilities as stipulated by the respective Regulatory Bodies. Describe the adequacy of the Teaching Hospital, equipment, clinical teaching-learning and laboratory facilities as stipulated by the respective Regulatory Bodies within 100 - 200 words

Clinical teaching is executed in 9 Dental and 8 Medical Departments. Each of these departments manages an out-patient ward where students can examine/perform therapeutic procedures, seminar hall for teaching/presentations, laboratory for pre-clinical exercises/biochemical investigations and a research facility with equipments to perform basic medical/dental and clinical projects. The clinical/laboratory/academic space is allocated based on the DCI regulations.

MDCRC possesses a number of pre-clinical laboratories where our students can learn the basic clinical dental exercises on models before performing the same on patients.

Our institution also houses a laboratory where fabrication of dentures/artificial teeth/histological analysis are performed. The equipments present include Induction casting machines, Burnout furnaces, Micromotors, Metal grinders, Sandblasters, Duplicator equipment, Vacuum investors, Ceramic finishing kits, Metal finishing kits, Microtome, Tissue Processing unit.

Our institution also possesses the following numerous specialized dental instruments to perform advanced dental therapeutic procedures.

1. Endosonic Handpieces
2. Dental LASER
3. Implant physio dispenser with surgical kits of different systems
4. Rubber dam kits
5. Specialized operating dental microscopes
6. Micro surgical instruments

- 7. Bleaching and micro abrasion equipments
- 8. Injectable thermoplasticized gutta percha
- 9. Electro Surgery Unit
- 10. Penta head microscope and specialized research microscope

4.3 - Library as a Learning Resource

4.3.1 - Library is automated using Integrated Library Management System (ILMS). Describe the Management System of the Library within 100 - 200 words

Library Management System was introduced in our library for the main purpose of managing the library's daily operations efficiently. The library is fully computerized with well networked library management software (Book Magic) for searching, lending, reserving, appending etc.

Book Magic Software has the following features,

1. Acquisition Management of the entire library collection.
2. Catalogue Management of books, journals, library dissertations and thesis.
3. Digital archive Management
4. Article Indexing from various journals, conference proceedings and reports.

5. Permits easy of bibliographic control, checking and updating.
6. Circulation Management and Barcode scanning in issue and return of the books via RFID tagging
7. Automated reminder option of the software helps remind students who have borrowed books on the return date via SMS.
8. Fee collection on fine, late return, loss or damage to any book on loan.
9. Subscription Management by serial control of journals and periodicals to keep track of arrived and non arrived serials or issues.
10. Search function for any book or journal available in the library where it can search book author, title, year, subject, department, accession no, publisher name, date or keywords to filter the data. Define search field and select particular fields to display the result.
11. Location of the book in the library can be accessed through the search function.
12. Multi user access friendly as multiple users can login at the same time in the Library Management software.
13. Simple and Elegant User Interface
14. Report generation on books, student, faculty and library employee.

4.3.2 - Total number of textbooks, reference volumes, journals, collection of rare books, manuscripts, Digitalized traditional manuscripts, Discipline-specific learning resources from ancient Indian languages, special reports or any other knowledge resource for library enrichment

The college library acts as an apex knowledge resource centre for all the departments.

The Library serves as a source for an efficient, serious and scholarly place that supports and enables quality improvements in academic and institutional performance. The library procures a comprehensive range of textbooks, journals, digital databases, thesis and doctoral dissertations. There are collections of diverse materials, to support teaching, learning and research. It also provides entertainment and healthy leisure to the students and faculty by providing different newspapers and magazines. The entire collection is organized into various sections in the library.

The library is updated annually for books and journals based on the curriculum and annual budget. The books cover all dental specialties and basic medical sciences.

The library also is subscribed to 3 discipline specific learning resource namely, E-consortium, EBSCO and Proquest for students access to journal articles, research reports, conference proceedings for thesis work and other projects.

We have included mandatory library hours in the timetable of our students to inculcate the reading habits in them. There is also a new arrivals section in our library which is refreshed once every 15 days. A message is also sent to students and faculties to intimate them of the same.

4.3.5 - In-person and remote access usage of library and the learner sessions/library usage programmes organized for the teachers and students (data for the academic year) Describe in-person and remote access usage of library and the learner sessions/library usage programmes organized for the teachers and students data for the preceding academic year within 100 - 200 words

In-Person and Remote Access Usage of Library:

The college library can be accessed by students and faculty and are monitored by their biometric punch. The students and faculty have in person access to the hard copies of books, current journals, back volumes of journals, audiovisual resources, virtual library, newspapers&magazines, thesis&postdoctoral dissertations. The library is fully automated and its entire collection which could be accessible through Library Management System.

The Proquest and EBSCO database gives on-campus access to dental and medical e-books, scholarly e-journals, videos&audio, dissertation and theses, newspapers and magazines, tradejournals,r eports,conferencepapersandproceedings,workingpapers,blogs,podcasts andwebsites,pamphletsandephemeral works related to dentistry and health sciences. These can be accessed by students and faculty through the institutional login and intranet only.

Library Orientation Program

A Library orientation Program is being organized every academic year for the first year BDS&MDS students to orient them on the facilities and services in the library. The students are given a library tour in groups by the member of the Library-Committee

showing access to books, journals, dissertations, newspaper, magazines and sections. A Library Learner program is organized for all faculty of Chettinad Dental College&Research Institute every year to orient them on the subscription and usage of e-resource databases, , PROQUEST and EBSCO.

4.4.2 - Institution frequently updates its IT facilities and computer availability for students including Wi-Fi . Describe computer availability for students and IT facilities including Wi-Fi with the date(s) and nature of updation within 100 - 200 words

The IT facilities available in this institution are state-of-the-art. We have a dedicated IT Department whoworkroundtheclocktoensur ethatallourhardwaresandsoftwaresareup-to-dateandfunctioningwithoutany problem. The IT facilities that are available in our institution in supporting academic and non-academic activities,

- Desktop computers in all departments
- Wi-Fi internet throughout the campus
- LAN connections in all the desktop computers
- Multifunctionlaserprinterswhichcanbeaccessedfromalldepartmen tstoensureonthespotprinting
- ICT Enabled all lecture halls
- LCD projector with board in all lecture halls

The advanced software facilities provided include

1. DENTZOFT- online integrated software to enter patient details online, evaluate total patientcensus, categorize old and new patients,
2. MDCRC PORTAL forindent for consumables and generate codes for non-consumable instruments, enter consumption of

materials to evaluate usage and calculate remaining stocks of materials department wise, for logging maintenance issues which are promptly attended by the maintenance committee and overlooked by the management. A complaint portal & suggestion portal, which is open to the students, to convey their suggestions and grievances.

3. EzDent-I software for accessing the radiographs which are uploaded into the system present in the radiology department.
4. Moodle LMS - the institution owned LMS is one of the highlights of four software innovation and integration. Each student and faculty is provided with unique user name and password to login into the LMS and they can access the facilities offered by the system to access/upload/read lectures, instructions and deadlines. This allows seamless integration of the latest technology in the dental education system enabling our students to benefit from the latest and innovative teaching methodologies.

4.5.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports facilities, computers, classrooms etc. Describe policy details of systems and procedures for maintaining and utilizing physical and academic support facilities within a maximum of 100 -200 words.

The institute has evolved a structured mechanism for the maintenance of physical, academic and support facilities. The infrastructure of the college is efficiently maintained by the various maintenance sections. The budget allotment is made by the Principal and Management based on the requirements.

Classrooms:

The institute provides well-equipped classrooms with high speed Wi-Fi enabled desktops.

The students make use of the classrooms only during the lecture hours. The electrical fittings and the furniture in the classrooms are always kept under working condition and repair works are attended to by the technical staff immediately.

Laboratory:

The college has provided various costly equipments installed in the labs and t

They are maintained by the lab technicians and all major faults in the machines provided in the labs and operation theatres are taken care of by annual maintenance contract. All minor problems in the equipments are attended by the technicians in the labs.

Buildings and Infrastructure:

The maintenance of the buildings includes cleaning, painting, whitewashing and replacement of fixtures & equipments in the building. There is adequate provision in the annual budget for these expenses. A maintenance team under a supervisor is functioning for undertaking the repair works of buildings and infrastructure.

Library & Computer Facilities:

The computers used for various functions of the library and other related electronic gadgets are maintained by a battery of qualified IT experts who ensure trouble free performance of the computers. The maintenance of Wi-Fi facilities and updating of hardware and software are effectively carried out by the IT team.

Other facilities:

The college has a 24-hour electricity backup by Diesel Generators which has significant importance in the light of frequent load shedding and ensures uninterrupted power supply. For the supply of water also, the college has its own bore-well and rain water harvesting installations.

Endellion ,the union that created an everlasting imprint in the minds of MDCians started it's journey on 1st of November 2021 by organizing PIRAVI 2021(Kerala piravi) . It has marked a new beginning after the long course of pandemic.Diwali(Dhanteras) the festival of lights was the next colorful event by Endellion. . The most famous sport event of MDC, Women throwball(Throwball madness) was conducted on the next day. . In Ghost house Inn by Endellion was a new experience for MDCians. TheHalloween costume , horror themed events and the haunted ambience marked the name of Endellion in the minds of MDCians. The Union also helped to refresh our memories of importance of different days in the year. Together we celebrated Children s day, Christmas, valentines day , Holi, Eid and Onam. The most awaited programs of MDC -the interbatch sports and interbatch arts. The interbatch sports organized under the name Adrenaline feel the rush was a breathtaking one. The interbatch arts Rhapsody 3.0 also helpedthe MDCians to lift their mind from the tiring world of studies and show their spirit. Endellion made the year 2021-2022 a beautiful memory in the minds of MDCians

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non-teaching staff and avenues for their career development/ progression

Malabar dental college , Which runs under Malabar charitable trust edappal , kerala is having a well organized welfare measure strategies for the upliftment and growth of both the teaching and non teaching staffs working in this college.

1. A fully fledged dispensary is located within the campus. A male Pharmacist and lady pharmacist are available during working hours on all days. One house surgeon, alternatively will visit the dispensary every day and monitor the pharmacy, also this helps them to learn how to manage the pharmacy. Staff members can visit the Dispensary for medical help. Basic medicines are provided for free.
2. The wards of the staff are given admission for further studies like PG course/Diploma course based on merit from out of management Quota .
3. The teaching staff of the Institute has a 'Faculty Club' wherein all members of the faculty are members of the club. They conduct cultural programs and have an annual get together with the family members. The non-teaching staff have an Association which organizes certain holiday trips for the members. Faculty club and Non-teaching staff Association represent their grievances to the management through grievance cell and seek redressal from management.

6.3.5 - Institution has Performance Appraisal System for teaching and non- teaching staff. Describe the functioning of the Performance Appraisal System for teaching and nonteaching staff within 100 - 200 words

Performance appraisal is to assess the employee and organizational performance . The primary aim behind the success of institution is to find out the most helpful and appropriate performance appraise technique in education center. It is critically essential for the evaluation of teaching and non teaching staffs that help individuals to improve organizational performance and quality of services provided in this institution .

For the institute effective communication between employee and employer is very important. Through the performance appraisal system followed here, the employer can understand and accept skills of subordinate.

The main objective of performance appraisal includes

1. Maintaining steady records in order to determine compensation packages , wage structure, salary raise etc.
2. To identify the strength and weakness of employee, to place right men on right job.
3. To maintain and access the potential present in a person for future growth and development.
4. To provide a feed back to employer regarding their performance and related states.
5. To serve as a basis for inferring working habits of employee.
6. Performance appraisal helps in charting out the promotion

programs for efficient employers, compensation packages which include benefits, high salary rates, extra benefits and allowances.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

Malabar Dental College and Research Centre has specific strategies for mobilization of funds and utilization of resources .The funds collected by the college are mainly from the student fee and treatment charges .The major utilization of the funds are for the following activities.

The major percentage of the funds are used for purchasing materials and instruments required for each department .The basic requirements like gloves , mask, headcap etc all comes under this and also for the maintenance of the instruments.

There is a transportation facility for students,staffs and patients. This includes twobuses which are running two times daily,morning and evening and jeep facility for every one hour for the transportation of the patients. There is also transportation facilities for camps,postings and non academic needs for the students.

There is also a total free accommodation facilities for staffs and hostel facilities for students who are far from home. Only minimum amount is collected from students for this. Funds are also utilized for maintaining and promoting agriculture and ecogarden in the premises of campus. Funds are also utilized for conducting several exams in a year for the students and special coaching classes are given for weak students for uplifting them.

6.4.2 - Institution conducts internal and external financial audits regularly. Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling any audit objections within 100 -200 words

Malabar dental college has been lending hands to several organizations including orphanages, old age homes and needy faculties . Other college expenses include electricity charges , hostel expenses , loan expenses, fuel expenses for transportation and to run the generators in the college and hostel premises.

Salary and allowance is being given to teaching and nonteaching staffs and labourers. This depends on their working hours, quality and quantity of their work. Also monthly stipend is given to all the students who are doing internship.

Tution fee is the main source of income from both undergraduates and post graduates students. Fee is collected yearly and on merit basis, NRI and management fee. The discount received from the government also helps to save our income.

Income of the college also comes from the SCST hostel and tution fee which is credited to the account from the government. No extra fee is collected from SC ST students personally and the facilities provided to the students. The hostel fee hike is minimal and is done in yearly basis.

6.5 - Internal Quality Assurance System

6.5.1 - Institution has a streamlined Internal Quality Assurance Mechanism. Describe the Internal Quality Assurance Mechanism in the Institution and the activities of IQAC within 100 - 200 words

The IQAC of MDCRC aims at promoting excellence through putting forth institutional quality parameters and it has contributed significantly for institutionalizing the quality assurance

strategies and process.

The academic calendar and events are prepared every year and uploaded in the college website.

IQAC is involved in the following activities: Coordinates the preparation of individual time table and lesson plan support to slow learners and development of soft skills encourages faculties research activities- facilitates the process of infrastructure development of the college- feedback analysis-facilitates the process of documentation-prepares AQAR for submission to NAAC.

Various committees that are functioning under IQAC: Academic committee, Clinical committee, Anti ragging committee, Covid jagratha committee, Exam committee, Grievance committee, Research committee, Ethical committee, Alumni cell, Women empowerment cell, Anti-sexual harassment committee, Students welfare committee, Programme committee, Disciplinary committee and subcommittees.

IQAC also monitor the following activities- Assurance of Learning :Monitor academic results, overall grooming of students-Mentoring sessions and reports- MoUs: IQAC plays an important role in signing MoUs with various organizations-Organizing workshops -feedbacks from various stakeholders, analysis and follow ups -Quality initiatives such as FDPs, Training on LMS, Internal audits and field visits.

7.1.10 - The Institution celebrates/ organizes national and international commemorative days, events and festivals. Describe the efforts of the Institution in celebrating /organizing National and International commemorative days and events and festivals within 100 - 200 words

Our Institution organizes many National and International days so that they get to know about our national integrity. All the teaching, non teaching staffs and students along with the members from the management will join in the celebration.

Republic Day- On this auspicious day flag hoisting will be organized and is followed by the speech by the guests on constitution and national integrity. International Yoga Day - It is celebrated every year on 21 st June. On this day one hour programme is organized where in all the staff and students practice yoga, meditation and spreading awareness about yoga and adopting it as one's life style by discussing its benefits. Anti Tobacco Day- This event is organized to make people aware and educate them about the harmful effects of tobacco on health and causes several diseases like tooth decay, cancer and cardiovascular diseases. International Youth Day - Is celebrated with oaths and enlightening speeches in remembrance of the birthday of Swami Vivekananda. World Cancer day- is highlighted with speeches, awareness programs with posters for spreading awareness

about reducing death rates. World Environment day is celebrated by planting trees and conducting nature photography contests for students. World Women's Day was celebrated on March 8th. On this day various programs were organized and during this day our cleaning staffs were honoured. World Dentists Day was celebrated on March 7th with various programs and activities like dental treasure hunt, online quiz and photography competition.

7.2 - Best Practices

7.2.1 - Describe two Institutional Best Practices as per the NAAC format provided in the Manual (Respond within 100 - 200 words)

Our best practice also extends towards social responsibility activities in the neighbourhood community in terms of health and hygiene awareness, socio-economic development and offering a helping hand during Covid-19 pandemic crisis. Our college Chairman, C P Ali Bava Haji has contributed to Kerala CM's relief fund, provided hostel rooms for quarantine facilities during the peak of Covid pandemic and has also provided food kit in Vattankulam Panchayath during the Covid Pandemic crisis. He has also donated an ambulance to CH centre, Manoor. Other activities include handing over Pension amounts to the needy, setting up a drinking water project in Manoor.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution during the year in one area distinctive to its priority and thrust within 100 - 200 words

Our college had started a PG orientation program named 'PATHFINDER' since 2016. It was a great success with so many participants and appreciation. So we extended the program to the consecutive years in full fledge with a motto of helping the fresh post graduate students to excel in their academic activities. As the name suggests, it was truly a program that enlightened the way to post graduate's academic life. As the course of MDS includes clinical and research components required for academic tenure qualification to become a professor in the respective speciality, this program guides them to excel in their both academic as well

as research activities. The highlighted topic of this program was Thesis Topic selection, preparation of Synopsis, library dissertation and journal club preparation, communication skills, biostatics made easy, research designs. The candidates were given the privileges of two lunches, one dinner, free dormitory accommodation, certificate with credit points, dinner and entertainment programs, registration kit with gifts and free PG handbook.

PATHFINDER I 2016 - 45 participants

PATHFINDER II 2017- 69 participants

PATHFINDER III 2018 - 67 participants

PATHFINDER IV 2019 - 103 participants

PATHFINDER V 2020 - 211 participants including 12 NRI STUDENTS

8.1.2 - The Institution ensures adequate training for students in pre-clinical skills. Describe the steps taken to improve pre-clinical skills along with details of facilities available for students such as pre-clinical skill labs

The students are trained to develop clinical skills even before their first interaction with patients. This starts right from the first year, where they are familiarized with the materials, instruments and equipment involved with patient care. Dedicated spaces for respective subjects are provided, in the form of pre-clinical laboratories. The Departments of Anatomy, Physiology, Biochemistry and Oral Pathology house well-equipped preclinical labs for the training of I BDS students. Faculties are assigned to monitor the student work, in a rota-based manner.

In the second year of study the pre-clinical training is intensified. A minimum of two hours in the day are dedicated to working in the Conservative Dentistry, Prosthodontics and Orthodontics laboratory, as mandated by KUHS and DCI. All laboratories are furnished with state-of-the-art equipment, which enables the students to understand the ergonomics involved, in addition to being trained to perfection in the standards of patient care. A list of exercises have been devised, taking into consideration the minimum requirements as put forth by KUHS/DCI. The exercises are designed to enhance the skills of the trainees, both in terms of dexterity and mastery of principles.

8.1.8 - The Institution has introduced objective methods to measure and certify attainment of specific clinical competencies by BDS students/interns as stated in the undergraduate curriculum by the Dental Council of India.

The primary objective of training the students to acquire clinical competencies is to clear the theoretical examinations and also to make them excel in handling patients in all aspects of Dental Surgery.

We mainly focus on training the student's preclinical skills during the initial years of study (1st and 2nd year), even before the student can treat/handle a patient. In Anatomy, Physiology,

Biochemistry, Microbiology, Pharmacology and General Pathology the practical training includes analysis of blood samples and urine samples obtained from patients, recording the blood pressure.

Postings in dental clinical departments focus on training the students in different competencies of dental surgery which includes Case history recording, processing and interpretation of radiographs, restoration of decayed teeth with suitable restorative material in patients, providing oral prophylaxis, replacement of missing tooth by means of complete/partial denture, tooth preparation for fixed partial denture, to be able to perform root canal treatment in anterior teeth, ability to deliver local anesthesia and perform tooth extraction.

The students are trained in these aspects throughout the year, sequential evaluation is done in the form of objective structured practical examination (OSPE)/ objective structured clinical examination (OSCE) and Viva-Voce.

8.1.10 - The College has adopted methods to define and implement Dental graduate attributes with a system of evaluation of attainment of such attributes.

The graduate attributes deployed by the college are listed below.

? Broad knowledge of normal structure and function leads to understanding of disease with medical and dental management, prevention and treatment. ? Undertake total oral and dental health care of the patients of all ages. ? To know the influence of social behavioural environmental and economic factors on oral and health care. ? Being a member of the health care team delivering medical and oral health care particularly among the rural population. ? Scientific advancement of any profession is based largely on continuous research activity. ? Self-centric learning for upgrading of dental science. ? knowledge in newer technologies of the dental field. ? Helps to pursue forensic sciences as a carrier as well as maintenance of records which could provide useful means for forensic investigations ? Graduate able and competent to recognize and diagnose dental and oral disease to undertake dental treatment and advise on prevention. ? Recognize physical and mental illness dealing with emergencies interaction with patients and various professional colleagues. ? Skills developed for general dental practice for extraction and minor oral surgical procedures.

8.1.12 - Establishment of Dental Education Department by the College for the range and quality of Faculty Development Programmes in emerging trends in Dental Educational Technology organized by it.

The quality of education in an institution is primarily dependent on the quality of the faculty employed. The institution recognizes this fundamental requirement and has always encouraged the faculty to attend programs such as those that would enhance their skills in student teaching. KUHS and several universities have instituted programs which are aimed at training faculty to develop their teaching skills. These programs also provide information and training on the recent trends in the field of education. Many faculty have attended such programmes and workshops over the years.

However, it was recognized that in order to keep abreast with the latest developments and keep the faculty well-versed in such, an initiative by the institution was necessary. This led since to the establishment of the dental education department in the institution.

The department was established with the sole purpose of developing the skills of the faculty in the field of dental education. The idea is to promote the awareness among the fraternity about the

need for provisional updating as well as the free dissemination of such acquired knowledge.
